Style Number: 5000
Service: Pump and Valve Packing
Product Type : Braided Packing

Description:

Braided from high purity graphite yarns, Style 5000 is designed to be virtually leak free. Under gland pressure, Style 5000 forms a homogenous mass, resulting in maximum sealability, and reducing flush water usage. Style 5000 packing is also a low friction, self lubricating packing, with extremely low friction, and excellent heat dissipation. Typically used for high temperature pump or valve applications.
