Style Number: 4000G
Service: Pump and Valve Packing
Product Type : Braided Packing

Description:

Braided from a blend of carbon yarns, Style 4000G is impregnated with a proprietary blocking agent, and high purity graphite flake. Designed to be highly durable and easy to install, Style 4000G packing is also a low leakage, self lubricating packing. Our unique blend of Carbon yarns ensures extremely low shaft wear, while maintaining excellent heat dissipation. Typically used for severely caustic or corrosive media, this packing is suited for almost any high speed/high temperature pump or valve.

Construction:	Interlock Braid
Temperature Rating:	850° F 455°C Air 1200° F 649°C Steam 6000° F 3315°C Non-Oxidizing Atmosphere
pH Rating:	0 – 14
Shaft Speed Rating:	4000 FPM / 20 MPS
Pressure Rating:	500 PSI / 34 BAR Pump or 4350 PSI / 296 BAR Valve
